## THE SOCIETY OF GRAPHIC FINE ART

The Society of Graphic Fine Art members come to the Menier Gallery with drawings, prints and paintings from Britain's only national society dedicated to drawing along with work by professional artists, illustrators and printmakers. Whether sweeping vistas or intimate spaces, traditional or contemporary techniques, everything in this exhibition is drawn by hand.

Established in 1919, the Society of Graphic Fine Art has a long and distinguished history in the celebration and promotion of fine art drawing.
